Subject: Extension for Assignment 4

Dear Professor,

I am very sorry for this last minute request.

I did not submit my assignment 4 on Tuesday because I was planning to use up my grace token for it. However, I got sick during the past few days and wasn't able to do any work. Today is the last day for me to submit my assignment without any penalty, but I am still not feeling well enough to work. Would it be possible for me to have another 3 day extension? I would really really appreciate your help.

Again, I am so sorry for this last minute notice.

Have a great day,

Junya Zhang
